## CONNECT WITH & INFORM VISITORS, SUSTAINABLY, WITH BIOMARKERS!

Showcase plants and mark trails knowing your markers feature recycled, sustainable materials with a low carbon footprint.

Made from 80% recycled plastic and 20% corn cob by product, BioMarkers keep biomass out of the landfill. Plus, they're durable and available in colors that either blend in or stand out.

Choose from three sizes:

- 9 inch
- 13 inch
- 24 inch
